

INTRODUCING...

Remote Live Video Support

powered by  **Accraply**

COLLABORATIVE MOBILE APP FOR VIRTUAL TROUBLESHOOTING & FAT

YOUR MACHINE JUST WENT DOWN!

Do you call your Accraply Field Service Leader and request a qualified technician to come out tomorrow?

Now, you won't have to wait 24 to 48 hours for an Accraply technician to get their eyes on your equipment during a critical stoppage...not with **Remote Live Video Support!**

TRAVEL RESTRICTIONS THREATEN TO CANCEL YOUR FAT AT ACCRAPLY!

Do you just ask Accraply to send pictures of your machine on the floor? Not with **Remote Live Video Support!**

WHAT IS REMOTE LIVE VIDEO SUPPORT?

A Mobile App...

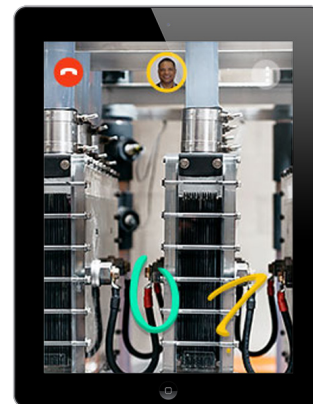

- A mobile app that creates a fully collaborative live environment
- Provides instant audio/video between your equipment and our Accraply technicians and engineering experts

...Offering Immediate Access to Experts

- Rapid response to your equipment downtime
- Inspect and troubleshoot before the expert is on-site
- Save money and time with faster diagnosis of the problem
- Reduce downtime and increase production time with faster resolutions
